Dear friend
Garrison;

56 Herewith I send you some parcels of letters, addressed by yourself, by your father Benson, by others of the B. family, to dear S. J. M., and which Charlotte Williams entrusted to me, to hand to you — which I now do, through yr. son George who kindly takes charge of them.

How slow & tedious the process of William's recovery — but how wonderful his recovery, at all, in such a case!

I am here to account

the arrival of Mrs. May, or I should go out to see you — which I want to do exceedingly.

When we are settled at home again, — I hope we shall have your visit — at least for a day or two — which we lost the most of this month.

Kind regards to your wife.

Affly S. May
